

## BTR-24 & TR-24

### 2.4GHz Wireless Intercom

The RTS RadioCom BTR-24 and TR-24 series intercom is a full-duplex (simultaneous talk and listen) wireless intercom system offering a complete stand alone solution for two (2) to ten users utilizing the full-duplex feature and nearly an unlimited number of listen-only users. The BTR-24 system offers easy setup, durable beltacks, 64-bit audio encryption, easy system expansion and a three (3) year warranty. The RadioCom BTR-24 system operates utilizing the license free 2.4 GHz IEEE 802.11b Wi-Fi standard.

The BTR-24 system incorporates the option of two (2) individual audio channels selectable at each TR-24 beltack. The TR-24 beltacks also provide the user with adjustable volume control, headset microphone level and local sidetone level. The TR-24 operates with dynamic or electret headset microphones and has a built-in lithium-ion battery pack providing up to eight (8) hours of uninterrupted operation.

Upon startup the BTR-24 base station automatically scans and selects the best radio frequency (RF) channel for communication with a feature called ClearScan. The BTR-24 also has a built-in lithium-ion battery pack providing up to ten (10) hours of uninterrupted operation or can be operated with the included wall mount AC power supply for prolonged use. The BTR-24 also includes rack mount hardware.

## Features

- License-free operation.
- 64-bit encrypted audio.
- Full-duplex operation.
- Two (2) individual audio channels.
- Automatic RF channel selection via ClearScan.
- Independent volume control and headset mic level control.
- System supports up to 10 beltacks (full-duplex).
- Easy setup and operation.
- Operates on IEEE 802.11b Wi-Fi standard.
- Operating range up to 800ft, line-of-sight (beltack to base station).
- Low battery indicators on beltack and base station.
- Battery charge indicators on beltack and base station.
- Rack mount for BTR-24 included.
- Independent local sidetone level control.
- Programmable beltacks for remote group operation.
- Built-in lithium-ion battery packs on BTR-24 and TR-24.
