

Product : HD SDI Cable Clone - 80m

Model No. : LHDCC80M

Overview

This range of fixed-length cable clones provides a method of simulating the effect of cable on serial digital signals without compromising accuracy. Each unit emulates a specific length of Belden 1694A cable in a metal-shielded barrel assembly with a male and female BNC 75 ohm connector on opposite ends, providing known accurate loss for repeatable performance.

Features

- Emulates cable from DC to >1.5 GHz
- Quick and easy to use
- Works with the SD, ASI and HD SDI formats
- Simulates 40 meters Belden 1694A
- Add sections in series to increase length
- No power needed
- Known accurate loss for repeatable performance
- Pocket size
