

HKC-WL50

Wireless transmission
adaptor for HDC-5500 and
HDC-3500

Overview

HKC-WL50, wireless transmission adaptor is a dedicated side panel option for HDC-5500 and HDC-3500.

*Dedicated battery mount adaptor is included.

Features

Compact body & balanced weight

HKC-WL50 enables wireless transmission capability, inside the camera body. The compact body and well-balanced design reduces the burden on camera operators during long shoots and operation in the field.

4K wireless transmission

HDC-5500 can output 4K wireless signal and HDC-3500 is also capable of 4K wireless output when the HKC-WL50 and 4K software license are HZC-UHD50 are installed.

Seamless integration with wireless solution vendors

HKC-WL50 is already integrated with several 3rd party wireless solutions. Please contact your sales representative for the more information.

Easy side panel exchange

The HKC-WL50 is one of various side panel options for HDC-5500 and HDC-3500. It can be exchanged for another side panel such as fibre or triax transmission.
